Dr. N.G. Dengler
Chair, University Arboretum Committee
Department of Botany
25 Willcocks Street
University of Toronto

D.H.

Dear Nancy:

The AFD reviewed the proposals to create an oak savanna and prairie garden at the Earth Sciences Centre and a maple/beech woodlot at Ramsay Wright. The following decisions were made:

Oak Savanna and Prairie Garden:

Space allocation has been approved. The Planning Office will provide the remaining \$5,000 estimated to complete the funding for this project.

Maple/Beech Woodlot:

Space allocation for Zone C only has been approved. It is understood that no funding is required for this phase of the overall plan.

The University Arboretum Committee should forward the remainder of the overall Ramsay Wright plan (ie., Zones A and B) to AFD for review.

Sincerely,

DWL
Daniel W. Lang
Acting Chair, AFD
